Seven Indicted In Birmingham by U.S. Jury

BIRMINGHAM, Ala. (AP)—A federal grand jury today indicted segregationist leader Edward R. Fields and two other men on charges of interfering with school integration court orders.

Arrested with Fields were two other members of the National States Rights party, Gerald Q. Ralph Lewandowski, 19, of Chicago. Fields is information director of the militantly segregationist organization.

The three were to be taken before a U.S. commissioner for arraignment later today.

U.S. Dist. Judge Clarence W. Allgood told the jury of 19 men and a woman that he had received information that "attempts have been made to influence and to intimidate some members of the grand jury, if not all of you."

"We bitterly resent any person or persons thinking that they could successfully intimidate or influence either this grand jury or the court," he said.

Allgood, who last week strongly condemned racial violence, told the jurors the attempts at influencing or intimidating the panel were a violation of the law.

"I sincerely trust that you will at a time to be determined by you, make a thorough and complete investigation," he said.

The jurors asked to be recessed until evidence is presented in connection with the bombing of a Negro church in which four children were killed Sept. 15.

They were called into special session a week ago by Allgood to investigate possible unlawful obstruction of court orders. Desegregation of three Birmingham white schools touched off demonstrations and some disorders by white segregationists.

Allgood said he had requested the FBI investigate reports of attempted intimidation of the jury.

Hays Co-author of Baptist Book

LITTLE ROCK (AP)—Former Congressman Brooks Hays of Arkansas has co-authored a new book, "The Baptist Way of Life." It will be published Oct. 15 by the Prentice-Hall Co.

Hays, special assistant to President Kennedy and a Baptist lay leader, is also the author of "A Southern Moderate Speaks," and "This World."

Co-author with Hays in the latest book is Dr. John E. Steely, associate professor of historical theology at Southeastern Baptist Theological Seminary, Wake Forest, N.C.

Hays, a former president of the Southern Baptist Convention, and Steely said the book concerns freedom in the church.

"We not only advocate a church free from government interference, but insist also that the state must be free from church domination," they said.

Smoking Out a Sewer Leak

BRINKLEY, Ark. (AP)—How do you find a sewer leak? You smoke it out.

At least that's what the city of Brinkley is going to do. The city has been having trouble finding leaks in its sewer system, so workers will seal off three blocks at a time and toss smoke bombs down the mains.

James Nutt, city Water and Sewer Department supervisor, said the plan was tried successfully last week and leaks were found in a sewer vent beneath a house.

He said citizens shouldn't be alarmed if smoke starts coming from beneath their houses.

Nathan Coulter of Nashville, Dies

LITTLE ROCK (AP)—State Sen. Nathan G. Coulter of Nashville died today in a Little Rock hospital where he was recuperating from brain surgery. He was 52.

Coulter was serving his first term in the 6th District which includes Howard, Polk, Sevier and Little River counties. He defeated veteran Sen. Roy Riales in the 1962 election.

Survivors include his widow, Grace, and one son, Don Coulter of Nashville.

Coulter was the owner of the Southwest Arkansas Furniture Co., which operates retail furniture stores at Nashville and De Queen.

Coulter underwent surgery two weeks ago. He had been listed in satisfactory condition.

Farm Policy Committee Appointed

A Resolutions Committee of six members has been appointed to gauge farmer opinion and farm policy recommendations for Hempstead County Farm Bureau.

County Farm Bureau President, Autrey Wilson, named Sidney Cash as committee chairman.

Other members are: Monroe Sammel — Forestry; Monroe Samuel — Forestry; Troy Burson Sr. — Livestock; William Schooley — Row-crop; Dexter Ailford — Dairy.

"We consider the formation of policy the single most vital undertaking of the Farm Bureau," President, Autrey Wilson said.

"The Resolutions Committee will weigh every idea brought before it that deals with matters related to farming and economic progress."

Suggestions for policy statements will come from the county's various communities and from standing committees of the county Farm Bureau that are involved with specific agricultural commodities.

Particular attention will be given issues of local nature on which the organization will work during 1964. Suggestions also will be made on issues of state and national importance for forwarding to the Arkansas and American Farm Bureaus.

Resolutions Committee members will assemble recommendations prior to the approaching county Farm Bureau convention and prepare them for presentation to the delegates.

Americans Write About 12 Million Checks Every Year, Some Are Good, Some Not

By HAL BOYLE

NEW YORK (AP)—Things a columnist might never know if he didn't have to open his mail: How long you will live may depend partly on how old your mother was when you were born. Children of young mothers have fewer birth defects and a longer life span than the offspring of older women. The age of the father doesn't seem to make much difference.

Prosperity note: Americans write about 12 billion checks a year.

One reason there are more widows than widowers: Accidents take the lives of twice as many men as women. The stress diseases of civilization also are far more fatal in weakling men than in the more durable sex.

Household helps: If your plastic table tennis ball gets a dent in it, simply dunk it in boiling water. If the ball has no holes, it will quickly reassume its proper shape.

The high cost of government: Forty years ago Americans paid only \$4 billion a year—\$37 a person—for state and local taxes. Today state and local taxes have soared to \$44 billion, or about \$241 for every man, woman and child.

Accidents in Area Leave Three Dead

Three persons were killed Saturday in separate auto accidents in this area.

About two miles north of Washington Saturday an auto driven by Tommy Conway, 19, Washington Negro, went out of control on Highway 4 and overturned several times. Deputy Sheriff Herbert Griffin said the car apparently was traveling at a high rate of speed. Conway, traveling alone was killed instantly.

Two persons died and one was seriously injured in a three-vehicle accident Saturday just east of Prescott on Highway 67. Killed were M. Y. Dance, 61, of Fulton and Mrs. Barbara Jean Wiley, 23, of Elizabeth, N.J. Her husband, Pfc. Donald Wiley is a soldier at Fort Hood, Texas.

Nevada County officers said Mrs. Wiley's car veered across the center of the highway and crashed into a truck driven by D. S. Avitts of Alvin, Texas.

The impact knocked the left front tire off the truck, causing Avitts to lose control. It crossed the highway and crashed head-on with Dance's car, which was knocked 29 feet off the road, and the truck another 200 feet into a field.

Dance was dead on arrival at a Prescott hospital and Mrs. Wiley died a few minutes later. Mrs. Dance was hospitalized with injuries.

Mrs. Wiley was traveling alone. Avitts and his co-driver were not hurt. The truck belonged to the H.D. Crow Co. of Alvin.

Besides his wife, Dance is survived by a daughter, Mrs. Elmen Smith of Little Rock; a brother, Frank Dance, of Louisiana.

Services were to be held at 2 p.m. Monday at Herndon-Cornelius Chapel with burial in Memory Gardens.

Negro Men Rob Service Station

EL DORADO, Ark. (AP)—Two Negro men asked an El Dorado service station owner for cigarette change Sunday night and then robbed him of \$65 as he started to get the change from the cash register.

B. B. Rhodes, the owner, said the two men came to the service station about 7:30 p.m. He said when he turned toward the cash register to get the change they requested, one of them stuck something against his back and threatened to cut him if he did not open the register.

He said the men fled on foot.

Dominican Says Town Bombed

SANTO DOMINGO (AP)—The Dominican Republic government charged that Haitian forces bombed the border town of Dajabon with "high caliber projectiles" early today.

A statement over the official radio said the civilian population of Dajabon was being evacuated to the coastal town of Monte Cristi, 30 miles to the north. Dajabon is about 100 miles northwest of Santo Domingo.

Foreign Minister Hector Garcia Godoy gave the diplomatic corps a briefing on the incident at a hastily summoned meeting, but few details were made public.

The Haitian government has concentrated strong forces at Ouanaminthe, opposite Dajabon, the broadcast said. It gave no further details.

Relations have been tense for months between the two republics, which share the Caribbean island of Hispaniola.

A band of rebels invaded Haiti Aug. 5 and Haitian President Francois Duvalier charged that they came from the Dominican Republic. The Organization of American States was asked to condemn the Dominican Republic for its part in the outbreak.

The rebel band, led by former Haitian Gen. Leon Cantave, was last reported hiding out in mountains of Haiti near the Dominican border.

OXFORD, Miss. (AP)—Cleve McDowell, the only Negro student now attending the University of Mississippi, was taken into custody by Lafayette County Sheriff Joe Ford today after a pistol fell out of McDowell's coat pocket on the campus.

A student who observed the proceedings said McDowell was escorted by Sheriff Ford to the office of Dean of Students L. L. Love. Ten minutes later, Ford and McDowell drove off campus.

The student, who asked not to be quoted by name, said he and two other students saw the pistol fall to the ground when McDowell dropped his sun glasses and stooped over to pick them up.

WASHINGTON (AP)—Rep. Paul A. Fino, R-N.Y., said today illegal gambling in Arkansas may approach \$1 billion yearly and has made Little Rock and Hot Springs well known gambling centers.

He called this a neat, lucrative, tax-free monopoly which Arkansas is subsidizing because of its failure and refusal to control and regulate gambling.

"The State of Arkansas is guilty of subsidizing the forces of organized crime and permitting the crime syndicates to continue to fatten their criminal treasuries and expand their nationwide web of dirt," Fino said.

Mass of Cool Air Moves Into State

By THE ASSOCIATED PRESS

Sunday's highs ranged from the high 70s to high 80s and overnight lows were in a wide range from a crisp 40 degrees at Gilbert and 43 at Batesville to 59 at Texarkana.

The five-day forecast calls for temperatures averaging two to five degrees below normal highs of 80 to 85 and normal lows of mid 50s to low 60s.

No rain is forecast until the end of the week. There was no rain in the 24-hour period ending at 6 a.m. today.

Hurling Is Strong Point for Dodgers

By JIM HACKLEMAN
Associated Press Sports Writer

Strong pitching has been the Los Angeles Dodgers' big weapon all season.

They saw more of the same Sunday—but they'd just as soon forget it. It was the other fellow, and it was painful, keeping the Dodgers from putting the official clincher on the National League pennant.

Pittsburgh's Bob Veale and Elroy Face held the Dodgers away from the elusive flag with a two-man three-hit effort in the Pirates' 4-0 victory. The Dodgers took it right down to the final swings, loading the bases with one out in the bottom of the ninth inning with hot-hitting Tommy Davis and slugger Frank Howard coming up.

But Face got both on popups—and after a string of five triumphs that had carried them to the threshold of the throne room, the Dodgers' magic touch had failed.

Cincinnati had paved the way for the Dodgers by dealing St. Louis' slumping Cardinals their fifth straight loss, 5-2, and reducing the magic number to one. It's still one—meaning a Dodger victory or another Card loss before the flag flies at Chavez Ravine.

Actually, the pennant could go to the Dodgers before they swing another bat. The Cards, 5½ games behind with five to go, next play at Chicago on Tuesday afternoon and the Dodgers don't resume action until Tuesday night, when they open a three-game set at home against New York's last-place Mets.

While the Dodgers and Cards were bowing, the San Francisco Giants were pounding the Mets, Willie McCovey paced the 13-4 romp with three consecutive homers, taking over the NL lead at 43, and batting across five runs.

Also in the NL—the Chicago Cubs pushed across six runs in the first three innings and went on to a 7-3 decision over Milwaukee; and Joe Morgan's run-producing single delivered the winner as Houston scored twice in the last of the ninth and edged Philadelphia 2-1.

The New York Yankees, with the American League title stashed away, sharpened up their young left-handed ace, Al Downing, for a World Series start in a 4-3 squeaker over Kansas City. Joe Pepitone struck the big blow for the Yanks, a two-run homer in the sixth inning, after they had touched loser Dave Wickersham for two unearned runs in the fifth.

Downing, now 13-4 since being promoted from the minor sin June spaced nine hits, did not walk a man and struck out six in his 10th complete game.

Minnesota's mighty Twins belted three more home runs and Camilo Pascual became a 20-game winner for the second year in a row in a 6-1 victory over the Boston Red Sox. Harmon Killebrew's 45th homer, Jimmie Hall's 33rd and George Banks' third pushed Minnesota's season total to 224—second highest in big league history. The Yanks' 240 in 1961 is the record.

In other AL action—homers by Ron Hansen and Floyd Robinson carried the Chicago White Sox

Negroes in Grid Festival Withdrawn

BERKELEY, Calif. (AP)—A Negro escort was asked to withdraw from the University of California football festival Saturday because at least two of eight white visiting football queens objected.

Lynn Marks Sims, vice president of the junior class and president of the Megaphone Society, said he was dismayed at the request by the Berkeley Junior Chamber of Commerce. The Jaycees have sponsored the festival at the opening home football games for 18 years.

Paul Rutledge, chairman of the Jaycee football queen contest, said: "It was done to protect the mental and physical well-being of the girls."

He declined to say how many or which of the queens objected to Sims being in the escort party. Six of the queens were from Southern universities, but Sims was to have escorted Catherine Flanagan from Clarion State College in Pennsylvania.

He withdrew when the objection was made known to him some three hours before the California-Iowa State game Saturday. Sims, who was automatically designated an escort because of his presidency of the Megaphone

Shreveport Police Break Up Parade

By THE ASSOCIATED PRESS
Thousands marched, rallied and prayed across the land Sunday in memorial services for six Negro children slain in Birmingham, Ala., racial disorders.

Some expressed bitterness, some charity.
There were calls for a "non-violent uprising" and a "massive nationwide campaign of civil disobedience" to protest what one speaker called "the last crime against the spirit of brotherhood—the senseless slaughter of the children."

The largest demonstrations were held in New York City and Washington.

In Shreveport, La., police riot squads and mounted sheriff's deputies broke up an attempt by 1,000 Negroes to hold a memorial parade. That was followed by a brief clash between Negroes and police outside a church.

A group of prominent Americans, headed by Gov. Edmund G. Brown of California and Charles Taft of Cincinnati, announced formation of "America's Conscience Fund" to rebuild the bombed 16th Street Baptist Church in Birmingham.

Four of the Negro children died in that bombing a week ago Sunday. Two Negro boys were shot to death in separate incidents that day. Funeral services for the boys were held Sunday.

"There should be no malice in anyone's heart toward anyone else," said a Negro minister, the Rev. J. R. Hicks, at one funeral. "The Lord giveth and the Lord taketh away."

35th Division Elects

LITTLE ROCK (AP)—Harry W. Johnson of Wichita, Kan. was elected president of the 35th Division Association Saturday as the group held an annual meeting at Little Rock. Ted Woods of Little Rock Marvin Witherspoon of Springfield, Mo., and Nicholas A. Georgeff of Gary, Ind., were named vice presidents and Vick Shalkoski Jr. of Leavenworth, Kan., treasurer. The reunion ended Sunday.

Society, said he was proud that university officials had nothing to do with the incident.

Balloon Cone Recovered at Pine Bluff

PALESTINE, Tex. (AP)—A 520-pound instrument package used in the study of cosmic rays, was returned Sunday to Palestine, Tex. where it was launched by balloon on a flight to an altitude of 26 miles.

The package was found unharmed by a recovery crew in a wooded area, 25 miles southeast of Pine Bluff, Ark., where it landed Saturday morning.

The balloon and instruments were launched Friday from the National Center for Atmospheric Research base at Palestine. The balloon was 300 feet in diameter and contained nine million cubic feet of helium. It was the largest ever launched from the center.

Base Director John Sparkman termed the flight "an absolute success."

The cosmic ray study was sponsored by researchers at the University of Rochester, N.Y. The researchers will now study the data recorded by the instruments.

Sparkman said the package was released from the balloon at 7 a.m. Saturday morning. He said the balloon then broke apart as planned.

Rusk Slates Talks With 11 Ministers

By LEWIS GULICK

NEW YORK (AP)—Secretary of State Dean Rusk and Spain's foreign minister talked over the issue of U.S. bases in Spain today but apparently came to no agreement.

Spain's Fernando Castiella was the first of a string of 11 foreign ministers coming by to see Rusk during the day as Rusk began wide consultations with leaders attending the U.N. General Assembly's fall session.

Castiella said after an hour's discussion with Rusk that the two had gone over subjects coming up in the U. N. debate and items outstanding between Spain and the United States.

This included the question of U.S. bases in Spain but nothing concrete was decided, he told newsmen.

The United States wants a long-term renewal of the deal under which it has operated several large air and naval bases in Spain. The Spanish, seeking more economic and political benefits than Washington wants to provide, have been extending the base rights only on a temporary basis.

The six foreign ministers from Central America—Guatemala, El Salvador, Nicaragua, Honduras, Costa Rica and Panama—planned

to visit Rusk in a group at 5 p.m. EDT.
Other foreign ministers were coming by almost every hour on the hour during the working day to chat with Rusk at the headquarters of the U.S. mission to the United Nations, across the street from the U.N. headquarters.

The secretary's visitors included the foreign ministers of Spain, Peru, Ireland, Brazil and Nigeria. Rusk and the U.S. delegation also were lunching at the United Nations as guests of Secretary-General U Thant.

Rusk arrived from Washington over the weekend to talk for the next 10 days with as many as possible of the 70 or so foreign leaders attending the fall session.

of the U.N. General Assembly.
Rusk's most important discussions, with Soviet Foreign Minister Andrei A. Gromyko, are expected late this week. They will meet then to see what further East-West accords are possible as a followup to the limited nuclear test-ban treaty.

In a speech Sunday at the dedication of a church building opposite the U.N. grounds, Rusk said: "I do not see on the immediate horizon dramatic and sweeping solutions to divisive and dangerous problems, but we must work at them steadily, patiently, and ceaselessly."

"Small steps are worth taking because we may find them to be the key to larger ones."

TODAY'S EXCUSE FOR FAILURE

Every day, everywhere, countless men preface conversations by saying: "I didn't get much education. I had to drop out of school in the fifth grade." The usual excuse, and sometimes it is valid, is that the boy was needed to help on the farm, even if there never was as much juvenile employment available as the number of drop-outs would indicate.

Of course, the real reason for so much premature educational termination was physical exhaustion. As every old-timer fervently swears, the nearest school was usually five miles away. He was too tired to think when he got to school and too tired to study when he walked back home. Of course, the weather has changed a lot because there was a terrible blizzard lasting for six straight months back then and the kids who weren't walking pneumonia cases were physical wrecks with solid blisters for feet.

Today a school is close to everything. Anybody can tell this because a schoolhouse comes with a whopping gymnasium and deluxe, well-lighted football field. An educational Wrong-Way Corrigan can find a school right under him if he just watches out for gyms and football fields and big parking lots for students' cars. But no one knows yet what excuse today's kids will give for any failures to learn. They will not talk themselves out of school, even if the education of the feet has reached advanced courses on the fields and in the gyms. (The Raleigh, N.C., News and Observer)

NOBODY LOVES HER

By HELEN WORDEN ERSKINE

Dear Helen: I am a Japanese American. In our family love is something to be sneered at. My parents fight. My 26-year-old brother has not spoken to me for two years. My younger brother (18) and I don't get along. Recently my 22-year-old brother shouted, with clenched fists, "Get out. Nobody likes you around here!" My 16-year-old sister and I agree but even she begins to look at me in doubt after hearing the others say what a lazy good-for-nothing I am.

Last June before my graduation from Junior College, my parents also told me to leave. My mother said I could have her \$300 savings if I'd go. Being a weakling I couldn't. My own savings amount to only \$100. We live on a vegetable farm. I don't get paid for my work here and have applied many places for jobs, including the State Employment Agency, but no luck.

I am an ugly duckling: round face, flat nose, thick lips, tiny eyes and fat. Two years ago I had my first date and was so sacred the boy would see me for what I am that I acted tongue-tied.

We belong to a Buddhist church of about 25 members, most of whom are old ladies. The only ones my age are the bishop's children. Because of our faith I must obey my parents. I eat my meals alone after the others finish. When my family say they hate me, I cry until there are no more tears left. Help me up instead of down. In just three months I shall be 21. Is there a place for me in this world? —Forlorn

Dear Forlorn: Of course there's a place for you in this world. Your plight sounds unusual but not insurmountable. You have several recourses. Keep upmost in your mind that at 21 you are a grown woman, free and independent, with privileges and responsibilities. One of these is the right to live your own life with dignity and self-respect in an atmosphere which will nourish these qualities rather than stifle them.

Separate yourself from your family at all costs. Their treatment of you as described, is intolerable. The longer you take it lying down, the worse it will get. So revive some of the gumption that steered you through Junior College, strengthen your soul with the faith of your fathers, and take action.

Go to the placement office of your Junior College and talk over your entire situation. Have you thought about volunteering for the Peace Corps or enrolling in the WACS or WAVES? Get informa-

Wants More Trade With Communists

WASHINGTON (AP)—Canada's big wheat deal with the Soviet Union is putting new steam into pressures already building up for more liberal U.S. trade with the Communist bloc in nonstrategic goods.

Sen. Frank Carlson, a Republican from wheat-growing Kansas, stated the proposition flatly to his colleagues today, calling on the administration to study proposals to do more business with the Reds in such materials as food.

Secretary of Commerce Luther

years. Hers was a special love for me, different from that which she showed my five brothers and sisters. But I wanted to be independent and resented her. We are no longer able to talk things out. She'll say, "Your sister went through that stage," as if it were just a superficial phase of my life. As a consequence, I am sarcastic. When I am hurt I will not call for her. This makes her nervous to the point of hysteria.

Dear Reader: Fundamentally you do care for your mother, otherwise you never would have written me. Stop feeling guilty and face up to the fact that filial love does not necessarily mean complete approval. Perhaps you have certain habits or characteristics that irritate your mother. But I'm sure she loves you nevertheless. Did you ever stop to think of this?

Dear Helen: I clerk in an office where I meet very nice men. The one I like best works downstairs; I just don't see one another often. I should like to invite him to a party some friends are giving but hesitate because I don't know him well enough. What do you think? —J. L.

Dear J. K.: Nothing ventured, nothing gained.

Have you a problem? Perhaps Helen Worden Erskine can help you. Write her in care of this newspaper, enclosing a stamped, self-addressed envelope.

H. Hodges had indicated only Wednesday, not in direct connection with wheat, that the subject is coming up for consideration.

Carlson, a member of the Foreign Relations Committee, said in a Senate speech that Canada's agreement to sell Russia \$500 million worth of wheat, with \$33 million of it earmarked for Cuba, "should prove to us that we must be practical and realistic in our trade program."

His remarks came on the heels of word from Secretary of Agriculture Orville L. Freeman that he would be willing to sell some of this country's surplus wheat to the Soviet Union if the Russians pay "our price."

Freeman was referring, before a farm audience at Monticello, Iowa, Wednesday, to the 70 cents a bushel subsidy this country pays on export wheat to make it competitive in world markets.

Freeman said it would require approval "in the highest circles of government" to subsidize shipments to Russia.

Today's New York Times said Soviet representatives are reported to have approached American traders with offers to buy wheat. The story quoted a highly placed source as saying the Russians are expected soon to make a direct approach to the U.S. government.

On Chicago's Board of Trade, futures quotations have risen on reports of the short Russian crop and foreign buying by the Soviets.

Any U.S. wheat deal with Russia would run into regulations of the Commerce Department, which issues export licenses, barring benefits of government export subsidies on farm products to the Soviet Union.

"I am not advocating the sale or trade of strategic war material to Russia," Carlson asserted, "but I do urge the Department of Agriculture and the Department of Commerce to study proposals for increased trade with Russia in such items as food and nonstrategic materials."

Subsequently, Sen. Hubert H. Humphrey, D-Minn., assistant Senate majority leader, called again for a complete re-examination of U.S. trade policies.

Hodges' remarks about Soviet bloc trade were on a more generalized basis.

Youth on a Narrow Ledge Is Rescued

AUGUSTA, Mont. (AP)—A 10-year-old boy stranded on a narrow ledge of a 1,000-foot cliff in the Sun River Canyon was carried to safety early today on a 150-foot wooden ladder built during the night.

The boy, Bruce Krummel of Great Falls, was reported in good shape.

Mrs. Glenn Roberts of the Sun Canyon Lodge, about a half mile from the base of the cliff on which Bruce was stranded Sunday morning, said the boy was carried down by A. H. Bender, an Augusta carpenter who directed building of the ladder.

She said persons at the base of the cliff reported Bruce was "chattering like a magpie." He apparently did not suffer from the cold nor rain which fell earlier during the night.

Walston Is Bitten by Chimpanzee

By BOB THOMAS
AP Movie-Television Writer

HOLLYWOOD (AP) — "The dirty blankety-blank bit me!" exclaimed Ray Walston from his hospital bed.

The actor-comedian could be excused his blankety-blankmishpish. Why shouldn't he be mad after being bitten by another performer?

When the chimpanzee turned on Walston and mauled and bit his face last week, the "My Favorite Martian" company was sent into panic. Ray was the title player of the television series. If he was lost, all was lost.

"I was panicked myself," Ray admitted. "I screamed for someone to tell me if my eye was still there. Finally I was told that it was."

Sees Change in Catholic Policies

By GEORGE W. CORNELL
AP Religion Writer

Paul Blanshard, long-time hurler of thunderbolts against Roman Catholic policies, today finds cause for tempering his criticisms with commendations.

He sees harbingers of change on the horizon.

"There are signs that the Roman Catholic Church is shifting toward a belief in real religious liberty," he said. "It seems to be moving toward a commitment to freedom."

This contrasts considerably with past appraisals in which Blanshard has pictured the church's traditional positions as contrary to democratic principles.

"There are hopeful elements of a progressive trend in the church," he said. "There is a new attitude of personal cordiality which is much better than the petty, old hostilities."

In Blanshard's view, the church still needs to make many readjustments, to implement specifically the newly developing outlook, and he foresees harmful tensions in Catholic demands for tax aid to parochial schools.

Blanshard, a lawyer, author and one-time public official, was on his way to Rome this week, to

take in the second session of the Vatican Ecumenical Council, opening Sept. 29. The first session last year loosed new currents in the church.

At 71, he is an alert, relaxed man, as courtly as his trim mustache and tweed suit, and as personally genial in manner as he often has been slashing in his thrusts at Catholicism.

A new book by Blanshard, "Religion and the Schools," is being published by Beacon Press Oct. 2, and compared to some of his previous works, such as the controversial "American Freedom and Catholic Power," he says:

"I've tried harder to be objective. It's fully as critical of Protestants as Catholics. If there is any hero of the book, it is the U.S. Supreme Court."

He traces a history of glaring discrimination against Catholics through Protestant-oriented public school observances, of anti-Roman history books, and of Catholic children sometimes expelled, even flogged, in the last century.

In the past approach to separation of church and state, he told this interviewer, Protestants have been "more frequent violators" than Catholics in using the schools — an arm of the state — to promote their religion.

On the other hand, Blanshard, with characteristic bluntness, assails efforts of Catholic leaders to secure government funds for church schools. "They want to change the whole tax system," he asserted.

A native of Ohio, Blanshard was once a New York City rackets investigator, a Congressional minister, magazine editor, and World War II State Department aide. He has turned out a series of books on church-state issues. He and his wife, Julia, now live on a 100-acre Thetford Center, Vt., farm.

Browns Serve Notice They're After Title

By JIM BECKER
Associated Press Sports Writer

At this rate, Jimmy Brown is going to run the mile in nine weeks.

The incredible fullback of the Cleveland Browns had his second field day in a row Sunday, as the Browns kept their National Football League record unblemished, 41-24 over the disappointing Dallas Cowboys.

Brown ran for 232 yards, including touchdown runs of 71 and 62.

With the season just two weeks old, Brown now has 394 yards, an average of 197 a game. At that pace, he will pass the mile mark in nine games.

After the full weekend slate, the Browns were one of only three teams with a 2-0 record in the NFL. The surprising St. Louis Cardinals and the tough Chicago Bears were the others.

The Cardinals stayed even with the Browns in the Eastern Conference by battling back to a 28-24 victory over the Philadelphia Eagles.

The Bears took over the top spot in the West with a 28-7 man-handling of the Minnesota Vikings.

In other NFL games, Green Bay beat Detroit 31-10, Pittsburgh whipped the New York Giants 31-0 and Baltimore knocked off San Francisco 20-14. Washington whipped the Los Angeles Rams 37-14 Saturday night.

In the American Football League, Boston beat Oakland 20-14, the New York Jets trimmed Houston 24-17 and Kansas City and Buffalo played to a 27-27 tie.

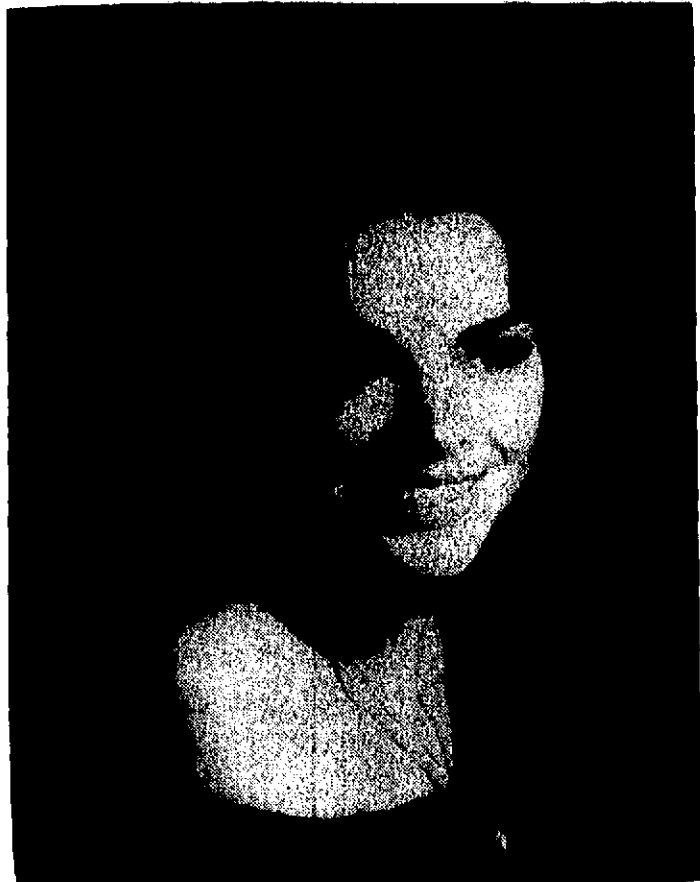

The Packers rebounded from their opening defeat by smothering the Lions. Halfback Tom Moore, the replacement for suspended Paul Hornung, broke the game open with a pair of touchdown runs, including one for 77 yards, and Jim Taylor carried 22 times for 82 yards.

The Steelers made their mark 1-0-1, as they scored their first shutout over the giants since they came in the league 31 seasons ago. John Henry Johnson and Dick Hoak did the heavy duty running as the Steelers stuck to the ground. The Giants missed injured quarterback Y. A. Tittle, and couldn't get started.

John Unitas had a great day for the Colts, as the '49ers continued their winless ways. San Francisco coach Red Hickey said, "It's touch each week to say how good the other quarterback was—we make them look good."

The Los Angeles Rams also remained one of the 0-2 teams along with the '49ers and Dallas.

The Redskins came from a 14-13 deficit with a 77-yard third quarter pass play from Norm Snead to Dick James and added 17 points in the last quarter.

Porkers Down Okla. State, Missouri Next

By WICK TEMPLE

LITTLE ROCK (AP)—The shadow of an improved, hard-bitten Missouri Tiger football team hovered over the Arkansas Razorbacks today as they contemplated their less-than-perfect 21-0 victory over Oklahoma State in War Memorial Stadium Saturday night.

The Hogs face Missouri Saturday night in Little Rock in a game that is expected to thoroughly test both teams—favorites in their respective conferences.

"The fact that I was at Missouri before I came to Arkansas makes it more of a big ball game for us," Arkansas Coach Frank Broyles said Sunday. "We have our work cut out for us this week."

The work Broyles was talking about included preparing the Arkansas defense for a surprisingly strong Missouri passing attack sparked by rookie quarterback Gary Lane. The Big Eight Conference Tigers fell 23-12 to mighty Northwestern in their opener in Columbia Saturday, but they looked good.

Lane passed Missouri to a quick early touchdown and an upset appeared to be in the making. But sixth-ranked Northwestern came back.

Arkansas' defense was the strongest part of the Razorback game in the victory over Oklahoma State. OSU completed only four of 17 passes for 57 yards and got 130 harmless rushing yards.

The Razorback offensive game operated smoothly in the first quarter on the passing of junior quarterback Billy Gray and sophomore tailback Jim Lindsey. Lindsey ran three yards for the first touchdown and Gray passed 18 yards to end Jerry Lamb for the second.

Then the Hogs moved well behind sophomore quarterback Jon Brittenum in the third quarter and got their third score on a 17-yard pass from Brittenum to junior fullback Jerry Jones.

In between those marches, things were ragged.

The Hogs fumbled the ball away three times in the second quarter and once in the fourth period. Broyles said those four bobbles would have made the difference in a closer game, perhaps against a tougher team.

But overall the young Razorback backfield (only one, senior Mike Parker, carried the ball) looked as good as could be expected.

Another factor that could have cost Arkansas a closer game was a pile of 75 yards in penalties. A clip cost sophomore wingback Jackie Brasuell a 67-yard touchdown run in the third quarter.

The Hogs didn't have an opportunity to show off their kick return prowess, an important factor in their success in the past four seasons. OSU's Jerome Bell punted seven times and averaged only 29 yards a kick.

The Cowboys covered most of them quickly and the only Arkansas return was a 19-yarder by Lindsey on the opening kickoff.

Broyles said the new substitution rule reduced Porker effectiveness by 30 per cent. He said he was going to have to find some way of getting star pass-catcher Lamb into the game more. "He was in only about one-third of the time we needed him," Broyles said.

The substitution rule provides that only two players may go into the game on first and fourth downs. Free substitution is allowed on second and third downs.

Broyles knows Missouri will come gunning for the Razorbacks. He said Coach Dan Devine had done an excellent job of rounding out his offense, which has been centered around a running game for the past two years, with a good passing attack. Broyles was head coach at Missouri before he came to Arkansas in 1958.

He noted that Missouri didn't complete a pass in its last two bowl games.

Broyles praised his sophomores, especially Lindsey, Brittenum and Brasuell. He praised his second unit, which he said at times looked better than the first team.

Star guard Tommy Brashear twisted his knee in the fourth quarter and had to leave the game. He said in the dressing room that the recurring injury probably would keep him out of the Missouri game. That won't be known until late this week.

Lindsey rolled up 67 yards rushing on 13 carries. Brasuell had 35 yards on three and Brittenum had 30 on seven. Lindsey got 23 yards in Arkansas' 36-yard first touchdown drive after end Jim John recovered an OSU fumble.

Gray hit on six of 10 passes for 115 yards, and he 47 yards in three tosses in the second TD drive of 79 yards. Gray didn't throw in the second half.

Tommy Moore's punting (five for a 38.6 yard average) was every bit as good as last year, and it provided a big help in field position. OSU got inside the Arkansas 35 yard line only twice.

Sophomore end Bobby Crockett caught two passes, including a 42-yarder from Gray in the second period. He sprinted ahead of two OSU defenders, grabbed the ball,

Ringer Helps Oklahoma Win Game

By BOB GREEN
Associated Press Sports Writer

Of course Oklahoma won. What would you expect? After all, they had a Ringer playing quarterback.

Mike Ringer, no illegal import but a homegrown product from Pauls Valley, Okla., passed for one touchdown and sneaked over for another in the Sooners' opening bid to regain their lost football glory.

Ringer is the first sophomore ever to start at quarterback for a Bud Wilkinson-coached team, some of which dominated the national college football scene a decade ago.

Wilkinson said in a pre-season analysis that Ringer's ability to fill the shoes of the departed Monte Deere would be one of the "two principal factors determining the success of our team." The other big factor was defense.

The defense, less than spectacular in the first half as Clemson took a 14-7 lead, came to life after intermission and scored the go-ahead touchdown when tackle John Flynn blocked a Clemson punt and the Sooners recovered in the endzone.

Ringer, who showed a steady, reliable hand at quarter, contributed to the next two touchdowns and the Sooners, ranked fourth in The Associated Press' pre-season poll, had a 31-14 victory.

The performances of Ringer and the defense apparently answered Wilkinson's needs and served as a warm-up for their important clash with defending national champion Southern California this weekend in the television game of the week.

The Rose Bowl champions were lackluster and less than impressive in a 14-0 decision in the mud at Colorado. The Trojans were picked as the team to beat again this season, but their top ranking could be in jeopardy.

Quarterbacks generally dominated proceedings on college football's first full Saturday.

Navy's Roger Staubach, hero of last year's Army game, led the ninth-ranked Middles to a 51-7 rout of West Virginia while his Air Force counterpart, Terry Isaacson, led the Falcons on a dramatic, last-gasp, 91-yard touchdown march that upset 10th-ranked Washington 10-7 in the television game of the day.

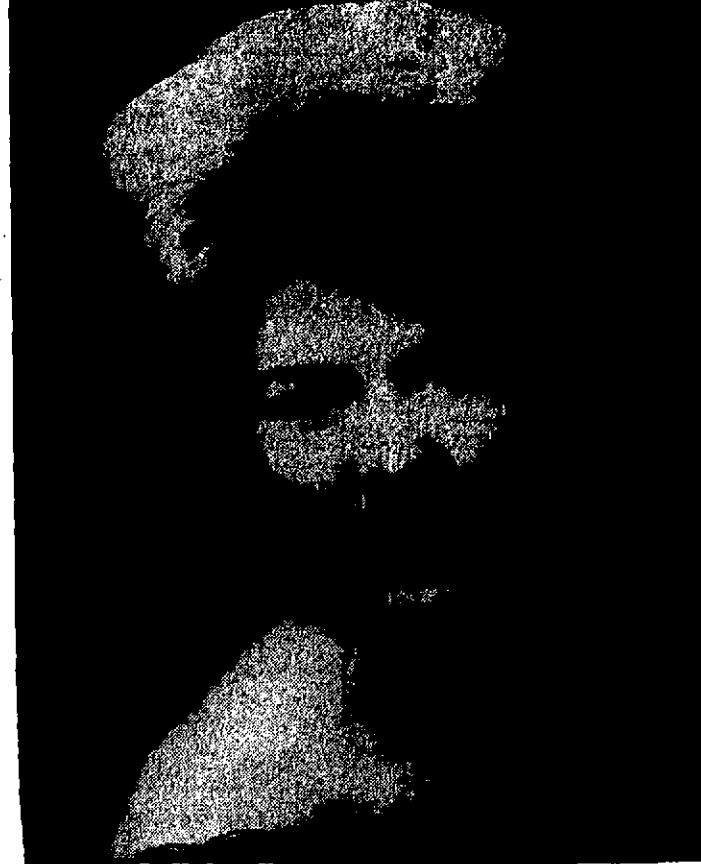

Staubach completed 17 of 22 passes for 171 yards and one touchdown in the rout of the massive Mountaineers, while Isaacson completed seven of eight passes in the march against Washington and bolted over from the seven for the winning touchdown.

Tom Myers, quarterback for Northwestern's sixth-ranked Wildcats, completed 10 of 16 passes, one for a touchdown and two to set up scores in the 23-13 victory over Missouri.

The big upset, however, came as the defense of little Memphis State, which is making a bid for the big time, held second-ranked Mississippi to a scoreless tie.

Third-ranked Alabama rolled over Georgia 32-17.

Among the other ranked teams, No. 7 Wisconsin blasted Western Michigan 41-0, No. 8 Arkansas blanked Oklahoma State 21-0 and No. 5 Texas beat Tulane 21-0 Friday.

VOTE... VOTE... VOTE

I urge every citizen to go to the polls tomorrow and vote in your school election. Vote — whether for me or for my worthy opponent.

I seek a position on the School Board because for 14 years have had children in our public schools. I feel I owe the service if the patrons want me to serve.

Contrary to any rumor you may have heard, I am not committed to stand either for or against any of the present school personnel. If elected, I assure you I will approach any and all school problems with an open mind.
